

Inspired To Create

Orana Catholic Primary School Willetton

LEAD AWARDS 2019

In 2019 Orana Catholic Primary School hosted its inaugural Inspired To Create conference.

Orana's Year 6 students were joined by their peers from Queen of Apostles School in Riverton and Yidarra Catholic Primary School in Bateman to build and expand their digital capacities and learn from each other through a series of creativity workshops.

The conference was a natural transition of the everyday practices at Orana and from the school's desire to be a driver of pedagogical change in primary schools.

The conference itself was inspired by a desire to build on digital capacities whilst sharing knowledge, expertise and skills with neighbouring schools. They created a unique and fun way to enable students to achieve digital competencies regardless of their starting positions.
